Once registered, go to the website www.npauctions.com and scroll over the top grey bar to "Login".

How to Preview Auction Inventory

Once logged in scroll over "BUY" in the grey navigation bar. Select which auction you would like to view and you will be taken to the Simulcast Preview page.

Dealers will see a list of Live Auctions as well as Simulcast Only Auctions. To the right of the list you will see the auction lanes associated with each auction. Select the auction lane you would like to view.

By default, the page loads with all the vehicles in the auction. This page lists pertinent information about each unit which allows dealers to quickly scan over all inventory without having to click on each bike. The "Search" function to the left of this page also allows dealers to find bikes by certain criteria like:

- ⚙ Item #
- ⚙ Make
- ⚙ Model
- ⚙ Category
- ⚙ Min & Max Score
- ⚙ Year

How to Bid on Auction Day

Scroll over “BUY” in the grey navigation bar. Select which auction you would like to view and you will be taken to the Simulcast Preview page.

Find the auction and lane you are attending and click the gavel under Bid Access. This will bring up the bidding screen and you can begin bidding. Bid Access is only available 15 minutes prior to Auction Start Time.

Dealers will only have access to OEM Auctions in which they are franchised in and registered for.

Make sure that your speakers are turned on so you can hear any announcements or notes from the auctioneer prior to and during the auction.

When the Asking Bid is the amount you would like to spend click the green BID button.
