

NPA PROXY BIDS

What is a Proxy Bid?

If a dealer is unable to bid during a live auction, proxy bids can be placed for live auction units without the dealer being present.

How to Set a Proxy Bid on the NPA Dealer App Before Auction

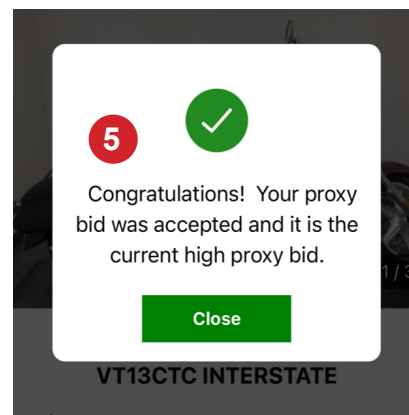

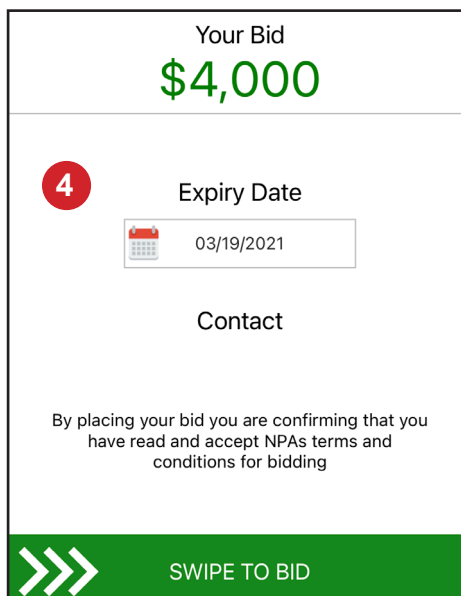

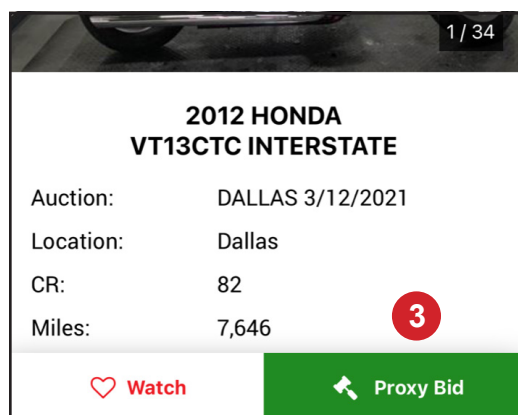

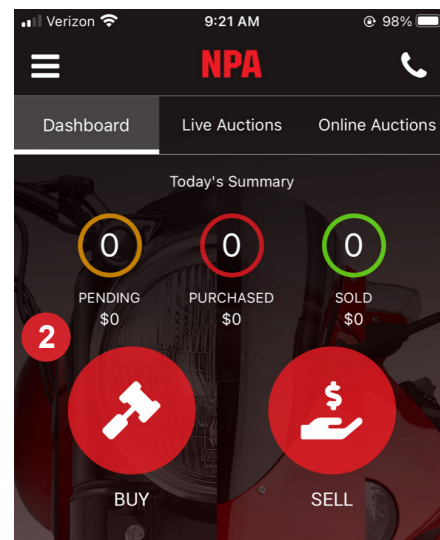

1. If you don't already have it, download the NPA Dealer App to your phone or tablet from the App Store or Google Play. Once downloaded, log into your NPA account.

2. Once logged into the NPA Dealer App, tap "BUY". Search for the inventory you want, then tap the auction item you want to place a proxy bid on.

3. Tap the green Proxy Bid icon on the bottom right.

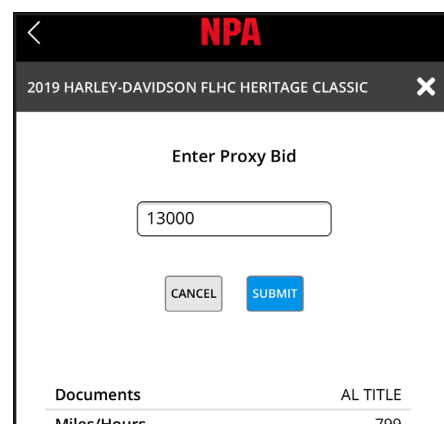

4. Enter your bid amount and tap "Confirm". Verify the information is correct and Swipe To Bid when you are ready.

5. Congratulations! You have placed a proxy bid. If your bid is not accepted you will receive a notification to revise your bid and continue.
