

YOUR **NPA** PURCHASES

Paying For Your Units

Invoices are generated at the end of each business day. You can access your invoices by logging in to your account at **NPAuctions.com** and clicking **Invoices**. Click the Invoice number to see full detail of fees. View **Open Balance** Information to see invoices awaiting payment.

- Payment is required before vehicles and titles can be picked up.
- Payment is required within 2 business days of the invoice date. Payment includes all Buy Fees and applicable online fees.

Picking Up Units

Units must be picked up within 5 business days of invoice date. Any units at an NPA facility beyond 5 days are subject to a \$5 storage fee per unit per day. If more time is needed for pickup, please contact an Operations Manager.

Pick up is available at all locations Monday through Friday between 8am and 5pm.

Once you arrive at the NPA facility, check in at the front desk to get a gate pass for your vehicles.

NPA will assist in loading units onto your transport truck but will not be responsible for tying down units. Fork lifts are available in our warehouse as well.

Need Transportation?

National Powersport Auctions' transportation affiliates service all 50 states. Our recommended carriers transport vehicles inbound to the auction, outbound to your dealership, and between NPA facilities as well.

Please contact us if you need assistance in determining which transportation company is right for your dealership.
