

Watch List

A Watch List is a consolidated list of units a dealer has shown interest in for an upcoming auction. If viewing units from the Simulcast Preview Page and you are interested in a vehicle simply click the “Watch” box. Once checked the unit will say “Watching” and will show up in your Watch List until removed or sold. If viewing units from the Vehicle Detail page, click the “Watch” Tab then click “Watch”. A dropdown will now appear with notification options. To view your entire Watch List click “Account” then click “Watch List”.

Features

-  Add Comments to Each Unit
-  Customizable Email Notifications
-  Filter by Location, Auction and Lane

Wish List

A Wish List can be created for vehicles that you are interested in but NPA does not currently have in auction. To create a wish list click “My Account” then “Wish List”. You will then click “New Wish List”. A new page will show and at a minimum you will need to select Year, Make and Model, then submit. When you create your Wish List you will see it within 24 hours. Once the system finds a match on a vehicle for a given Wish List, an email is sent to the dealer if a contact email was entered.

Features

-  Ability to Create Up to 5 Wish Lists
-  Email Notifications Upon Arrival
-  Contains up to 100 Vehicles
-  Available for 30 Days
-  Add Units from Wish List Directly to Watch List
